Tickets and for more information

The Ship Wish Ride raises funds to help local children from the Cumberland/Franklin counties with severe medical needs. Please join us in helping the local children and their families cope with a difficult time. The above photos of Grace Fleagle, age 9, on the left and Dominique Bigler, age 17, on the right are two of the children we will be helping with the funds raised with this benefit bingo. Grace was diagnosed with cystic fibrosis and is in need of a double lung transplant. Dominique is currently battling a brain tumor.

If you know of anyone who would like to donate or volunteer to help with the bingo, please contact us at 717-729-0958. We greatly appreciate any help with these events. Please visit our website at www.shipwishride.com
